

## PRESS RELEASE

### Vogelsang launches virtual showroom on biogas technology

- 360-degree view of solutions for economical biogas production
- Multimedia impressions through animations and application videos

**Essen (Oldenburg), October 15, 2021** – In their new virtual showroom, [Vogelsang GmbH & Co. KG](#) offers a 360-degree view of its solutions for the biogas industry. Via various touchpoints, visitors can interactively experience technology and components for economical biogas production.

“With the showroom, we are responding to the high demand for digital and virtual consulting concepts. With the help of videos and animations, as well as practical examples, we offer our customers and interested parties a new product experience,” explains Carsten Wenner, Marketing Manager Wastewater & Biogas at Vogelsang.

#### Information about biogas technology digitally bundled

The showroom offers insights into the complete product range: from pumping technology to cutting and disintegration technology to solid matter feeding systems, and plug-and-play system solutions. With an interactive biogas plant model, Vogelsang also provides customers and interested parties a practice-oriented overview of solutions that shows the locations within the anaerobic digestion plant where Vogelsang solutions can be integrated and retrofitted.

### About Vogelsang:

Vogelsang GmbH & Co. KG, headquartered in Essen (Oldenburg) in Lower Saxony, develops, produces and sells technically high-quality, individually configurable and service-friendly machines. Founded in 1929, the company grew from a manufacturer of agricultural machinery into a specialist in machines and solutions in the wastewater, agricultural technology, biogas, industrial and transportation technology segments. The innovative family company currently employs over 1,000 people worldwide. As an internationally oriented mechanical engineering group, the company ensures the highest product quality through research, development, and production at the Essen location and in other production facilities in Germany and abroad. Thanks to a continuously growing network of subsidiaries and sales offices, Vogelsang is present with over 50 locations around the world. The company has already received several awards from the economic research institute Prognos AG, among other things as "Germany's innovation leader".
